SWAT THAT FLY ORDER FROM CITY

Seven Rules for Topeka Campaign Issued Today.

If You Violate Them Police Will Take Action.

KEEP ALL RUBBISH COVERED

Even Yard Rakings Must Be Kept Out of Alleys.

Everyone Must Buy Tanglefoot or Swatters.

The annual vein of trouble for the Topeka housefly was opened today when J. A. Ramsey, city sanitary sergeant, issued a list of seven rules for the "swat the fly" campaign in Topeka.

Violators of the rules will be prosecuted after warning has been given to persons responsible for the violations.

Following is a copy of the rules issued by Sergeant Ramsey:

"A strict observance of the following rules will be enforced by the sanitary department after May 1, in order that we may rid the city of flies.

"All garbage cans must be kept tightly covered, so that flies may not have access to them.

"All garbage barrels must have only in covered receptacles, and with sheet or cloth over cans or barrels. Both cloth and barrels to be kept clean.

"All manure piles must be removed from the premises and kept upon the owner's premises and the same covered from flies. Throwing garbage or slops on manure piles, or in alleys, will not be tolerated.

"Yard rakings and grass must be kept off the streets and alleys where they wash into sewers, road and breed flies.

"An effort is being made by the sanitary department to have the street department clean out the sand traps at the entrance to the sewers. If the sewers smell, call street department, who have the facilities for flushing.

"Any violations of the above rules, which are in strict accordance with the city ordinances and the state law, will be punished by the city after warning has been given.

"As flies are too scarce to make trapping profitable, everybody is asked to use tanglefoot and fly swatters. Tanglefoot material used on many trees has been used good work in ensnaring the early flies. Keep it renewed and fresh during the summer, and help with the good work of making Topeka a flyless city."

IN DOUBLE CHECK

State Treasurer Akers Making Annual Account.

Twenty Millions in Assets To Be Accounted For.

The annual double check of the cash and cash items in the office of Earl Akers, state treasurer, will begin this week. The work will require about a month. When Akers and his force of office employees have finished counting the cash, Jasper T. Kincaid, the state accountant, will check the work and tell the treasurer whether his figures are correct.

There are about twenty million dollars in assets in the treasurer's office. Once every year it is checked by the treasurer and his assistants. Then the state accountant comes along and makes another check. Their combined notes and see if the balance tallies with the figures gathered the previous year. About a month is required to make the audit.

In their work of checking the office, the treasurer's force must take note of every bond and each of the thousands of coupons. There are more than 11 million dollars worth of bonds in the treasurer's office and five or six million dollars worth of coupons. There are the endowment funds of the state schools, the deposits of banks under the guaranty act, the deposits of the insurance companies, several trust funds and the actual cash on hand in the state. Each of the funds for the various state offices and departments must be checked separately. Balances shown a year ago must be accounted and the work of making the audit includes not only the checking of actual assets on hand, but calls for a record of all of the state's financial transactions for the past year.

Legislature Ends Session. Lansing, Mich., April 29.—The legislature, in continuous session since January 6, recessed today until May 20, when sine die adjournment is scheduled.

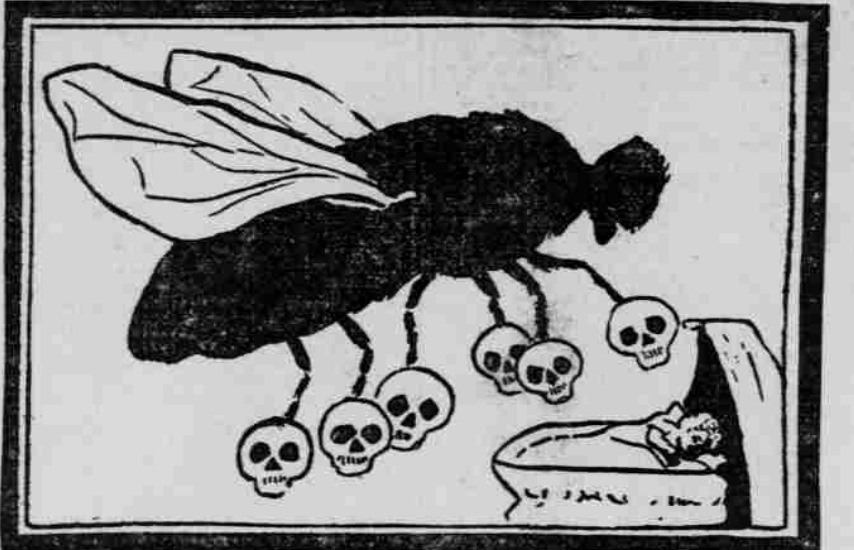

COFFIN MAKERS WON'T STRIKE.

New York, April 29.—The coffin-makers' union has decided to postpone its general strike on account of the low death rate in the city. The union anticipates a more favorable opportunity when continuous wet weather sets in.

H. G. Wolport, general organizer of the cabinet makers' union has been busy organizing the coffin makers for some months. There are now a considerable number of coffin makers organized and a charter from the Greater New York district council of the United Brotherhood of Carpenters and Joiners is awaited. Mr. Wolport said today:

"We are not anxious for people to die but when there is a long period of hot weather and there are many deaths from heat we will start a strike and make demands. The height of the busy season is the best time for a strike."

SWAT THAT FLY NOW!

"Swat" is a mighty and oft used word in Topeka these days. The babe in the cradle lisp "thwat the fly," and older folks say "swat the fly," and it is rumored that next Sunday at least several preachers will choose as a text the only Biblical mention of a fly and tell what Isaiah meant when he said, "The Lord shall hiss the fly." Flies, little and big, have fallen into such disrepute in Topeka. And now is just the right time of the year to swing your swatters.

STRETCH OUT LINE

British Army Is Strung Across the Gallipoli Peninsula.

It Is Opposed by a Turkish Force of 60,000.

London, April 29.—The fighting at the tip of the Gallipoli peninsula, across which the British have strung their forces, and the efforts to dislodge the Germans from Steenstraete, the only point on the west bank of the Yser which the invaders have been able to hold since the recent rush in Flanders, may be isolated today as the areas which, although comparatively small, hold the greatest possibilities for far reaching results.

The following dispatch has been received by the Exchange Telegraph company:

"The British force landed on the European coast of the Dardanelles has been entrusted solely with the mission of occupying the Gallipoli peninsula which is defended by 60,000 Turks.

"The French force has been landed entirely on the Asiatic coast with the object of advancing along the littoral to keep pace with the progress made by the British on the opposite coast."

Reports of the Turkish reports of the land operations in the Dardanelles region again are in direct conflict. From the Turkish version it would appear that the Anglo-French land invasion has resulted in disaster for the allies. Further claims to victories are made in an official report from Constantinople. It is said the forces which landed near Kaba Teppe were forced back along the whole front with heavy losses, four brigades being driven into the sea and others surrendering. One transport is said to have been sunk.

British official reports give no hint of defeat. An unofficial dispatch from Athens states that the allies were victorious in a battle on the west side of the peninsula, inflicting serious losses on the Turks and capturing one battalion.

TODAY'S GAME.

Clunn and Monroe, Topeka; Goshorn, and Spahr, Denver.

The lineup for today's game between Topeka and Denver is as follows:

Spencer, cf.	Cochran, 3b.
Dell, 1b.	Tallion, rf.
Galloway, 3b.	Mayer, lf.
Kelleher, ss.	Rapp, 2b.
Fisher, 1b.	Latimore, 2b.
Mathews, 2b.	Roche, ss.
Spahr, c.	Goshorn, p.

Clunn was Jackson's choice to pitch against Denver in the third game of the local series today. The game began at 3:15.

It became known today that Tom Mayer of the Topeka team is a brother of the Philadelphia pitcher. The Mayer of the major league is starting the season in good shape. He held Topeka to eight hits and a shutout in Wednesday's game at Philadelphia. The Mayer boys' home is in Atlanta, Georgia.

Tomorrow is ladies' day at League park. All ladies will be admitted to the park free for the game tomorrow afternoon.

The Topeka club today signed Red last season. He won 11 and lost 12 played with Omaha last season. Stiles signed as a free agent and Manager Jackson thinks he will make a valuable addition to the Savages' pitching staff.

Stiles was with the Omaha team last season. He won 11 and lost 12 games. In the 23 games in which he worked he allowed 57 bases on balls and struck out 62 men. In all he has a good record, and the Savages are congratulating themselves on his acquisition.

BASEBALL TODAY.

FEDERAL LEAGUE.

At Pittsburgh—First game: R H E
St. Louis 2 7 4
Pittsburgh 8 12 1
Batteries—Davenport, Herbert and Chapman; Dickson and Berry.

Invents New Submarine. Bemidji, Minn., April 29.—Clarence A. Blain has invented a submarine which, he insists, because of suitable air ducts, is unsinkable. He says he will put into use this summer on the placid Lake Bemidji as a means of transportation between this city and other summer resorts on the lake, the first of these boats.

WILL NOT GIVE UP

Mrs. Guernsey of Kansas, Defeated for D. A. R. President, Starts Her Campaign at Washington for 1917 Election.

Washington, April 29.—Mrs. George Thatcher Guernsey, of Independence, Kan., defeated candidate for the office of president-general of the National Society of the Daughters of the American Revolution, has cast her hat in the ring for the same office two years hence. Her campaign commences today.

Last evening Mrs. Guernsey was the guest of honor at a banquet given at the New Willard hotel by her friends. About 160 guests were at tables. Among the guests at the banquet, which was a more or less informal affair, were representatives of the society from every state in the Union, or vice regents of many of the states. The affair was in the nature of a "get-together" function, arranged to give Daughters from every part of the country an opportunity to become better acquainted with Mrs. Guernsey.

To the Topeka State Journal correspondent, Mrs. Guernsey declared that she will continue working for the several amendments to the constitution which her side will bring up at the next meeting of the society.

Besides an amendment by which officers shall be elected triennially and be ineligible for re-election, Mrs. Guernsey declared that she will introduce a resolution which she will continue working for the several amendments to the constitution which her side will bring up at the next meeting of the society.

Further claims to victories are made in an official report from Constantinople. It is said the forces which landed near Kaba Teppe were forced back along the whole front with heavy losses, four brigades being driven into the sea and others surrendering. One transport is said to have been sunk.

MOVIE CASE IS UP

Nathanson's Appeal Before District Court Today.

Trying to Establish Right to Give Sunday Show.

Lew Nathanson's appeal from the police court in his effort to vindicate his right to give theatrical performances on Sunday at which collections are taken for the benefit of charity but at which no regular admission is charged, came up for trial in the first division of the district court this afternoon before Judge A. W. Dana. The keeper of the moving picture theater was fined in police court for a violation of the anti-Sunday theater ordinance after putting on a show at the church on Sunday. He was given an opportunity to make a "silver offering," the proceeds of which went to local charitable work.

The case is one which will attract interest throughout the state. The defendant will claim the right to throw open his theater on Sunday with the object of combining Sunday amusement and charity, under the defense that his performance was not conducted for profit and that his employees who assisted gave their services voluntarily.

Texas Legislature Convenes. Austin, Tex., April 29.—The Texas legislature convened today in extra session. In the next thirty days, the legislators will busy themselves with the task of hacking and slicing a set of appropriations, now listed at about \$15,000,000.

FREAK RESULT OF A SHELL.

General Headquarters, British army, France, April 29.—One of the huge German 42-centimeter shells opened a grave in the little cemetery in the village of Riche Bour St. Vaast recently and, exploded, lifted a coffin and sliced a set of bones in midair to be identified as those of a human being.

OFFICIALS HATE TO LEAVE JOBS

Democrats Prepare to Say Good-Bye to Jobs.

Places Are Needed by Capper Administration.

FOR EFFICIENCY AND ECONOMY

Letter Asking That Mrs. Burns Kindly Vacate.

Five Other Jobs Are Badly Needed at This Time.

Marked for Slaughter.

W. E. Brooks, chairman board of control, Ed Hackney, chairman of administration, J. D. Botkin, warden state penitentiary, Mrs. Burns, superintendent orphans' home, Frank Cumiskey, state oil inspector, Miss Frankie Wilson, superintendent girls' school.

This is a nerve racking time—for Democratic job holders. There is a storm brewing and they know it. Some of them are about to say farewell to their jobs. They know that, too. The only question just at this time is the proper method of procedure and the proper place to start the house-cleaning in the interests of efficiency and economy."

As Governor Capper has explained his fight to find more jobs for the hungry workers. At the state house today there is an uncertainty as to the next move. Even the Republicans admitted they do not know. Harry C. Rowman, member of the board of control and much in conference with the governor concerning the "situation" declined to discuss affairs "for publication." Then he tried for ten minutes with the lid off and conveyed no information.

It is generally understood, though, that Governor Capper has asked for the resignation of Mrs. Burns, superintendent of the state orphans' home at Atchison. The letter from the governor is said to have been directed to W. E. Brooks, chairman of the board of control.

LAND 80,000 MEN

Allies Disembark Troops at Four Points in Turkey.

Huge Forces to Charge Enemy on Straits.

Berlin (By Wireless), April 29.—Advices from Constantinople as given out here today by the Overseas News agency are that the forces which the French and British attempted to land at the Dardanelles numbered about 80,000 men. Landing operations were undertaken at three points on the European and one on the Asiatic side of the straits.

According to reliable information the proceeding satisfactorily, says the Overseas News agency. "The most difficult point already has been overcome. The remaining ones are comparatively unimportant."

A COMMON SIGHT NOW IN FRANCE

The following is taken from an advertisement appearing in a metropolitan paper, regarding an article that will appear in a Sunday magazine:

"No kissing, no fights, no wine. A dull, drear world say you? So say the Kansas Man goes to movie show—takes best girl—both watch love film interestedly—the climax approaches—heroine rushes into hero's arms—here bends to kiss her—blur-r-r—deleted by censor."

And then the advertisement goes on as follows: "Tough, eh? Tough, you bet!" They say out in Kansas that the state board of moving picture censors has taken the zest out of "reel" life. The people are up in arms. Why, even Jess Willard is righteously indignant the way that the censors from his native state are treating him."

KANSAS FARMER SHOT

Killed on Missouri Farm Which He Owned—Suicide or Accident?

Versailles, Mo., April 29.—William Kelley of Frankfort, Kan., who owns a farm near here, was shot and killed yesterday. He had been here about two weeks looking after his farm and had been carrying a shotgun about the place the last day or two. It is not known how the gun was discharged. The coroner will hold an inquest.

General Ready to Retire.

San Francisco, April 29.—Major General Arthur Murray, commanding the western department of the United States army reached the age of retirement today, but will remain on the active list until the close of the exposition.

PANAMA CANAL COSTLY.

Panama, April 29.—The first eight months of operation of the Panama canal have not yielded a profit to the government notwithstanding that traffic has been better than had been expected. From July 1, 1914, and ending March 1, 1915, the canal showed a loss of \$261,098. The deficit, being mainly payable to the high cost of operation and maintenance. During the period mentioned the canal earned \$2,334,515 in tolls while the charge for operation and maintenance was \$2,595,613, the government thus losing approximately 10 per cent.

Jean Cauyolle.

Europe is full of men like Jean Cauyolle, the French soldier who lost both legs in the war and has a medal to show for his bravery. Cauyolle took part in the battles of Altkirch, Namur, Charleroi and Champagne. In the last named action he lost both his legs and though still full of fighting spirit is unable to return to the front.

COL. ROOSEVELT QUILTS THE STAND

His Testimony in Barnes Libel Suit Is Completed.

Has Made a New Record in State's Legal History.

LESSER LIGHTS SUMMONED

Long List of Names of Minor Political Men.

Report Is Current That Murphy Will Not Be Called.

Syracuse, April 29.—Colonel Roosevelt completed his testimony today at the trial of William Barnes' libel suit against him. In a letter produced by counsel for the colonel during the re-direct examination of the former president, Governor Charles S. Whitman, the district attorney for New York, told Charles H. Duell of New York that "the time is ripe" for all progressive Republicans and members of the Progressive party to "rid the state of the party control which is responsible for corruption." The letter was written in 1914, and the then district attorney wrote that the "men and the policies responsible" for the corruption were not confined to any one party. Mr. Barnes' name was not mentioned in the letter, but the colonel in reply to questions said he understood that the reference was to him.

Colonel Roosevelt was excused from the stand shortly after this letter was introduced. When he climbed up again this morning for a final quizzing, he had been interrogated 36 consecutive hours, with one-half hour planned today by his own counsel and a brief re-cross-examination by Barnes' attorney.

With the retirement of Roosevelt as the flagship of the defense fleet, the mosquito flotilla of lesser lights summoned for the defense was to follow to substantiate the charges of corrupt and crooked bipartisan alliance between "Bosses" Barnes and Murphy.

Former Senator Harvey D. Hinson of Birmingham, Bull Moose candidate for governor, was the choice of the defense to follow.

Senators Frederick, Davenport, Newcomb, Agnew and Grattan were also held in readiness with William Loeb, Roosevelt's former private secretary.

Under the spur of Justice Andrews' order to rush the trial, both sides expressed hope of giving the case to the jury within a week.

Roosevelt's attorneys believed they could finish their evidence by at least [Continued on Page Two.]

NO KISS, NO WINE!

No Zest in Reel Life Any More in Kansas.

Magazines and Newspapers Make Fun of State.

Kansas is getting considerable unfavorable advertising as a result of the movie censorship. Big newspapers and magazines over the country have taken the matter up and are unmercifully "joshing" the Sunflower state.

The following is taken from an advertisement appearing in a metropolitan paper, regarding an article that will appear in a Sunday magazine:

"No kissing, no fights, no wine. A dull, drear world say you? So say the Kansas Man goes to movie show—takes best girl—both watch love film interestedly—the climax approaches—heroine rushes into hero's arms—here bends to kiss her—blur-r-r—deleted by censor."

HE STEARS OFF "POLITICALLY!"

Lloyd George Is Ready to Sign the Pledge

Never to Touch Drink Again, He Tells Commons.

HE PROPOSES A HEAVY TAX

As the Only Available Means of Combating the Evil.

Everybody Agreed Until Remedies Were Proposed, He Says.

London, April 29.—Chancellor of the Exchequer Lloyd-George made known in the house of commons this afternoon his plan to deal with the question of the too great consumption of alcoholic liquors in England.

He proposed a very heavy tax on both spirits and beers containing more than 7 per cent of proof spirits and the duty on spirits is to be doubled.

The Root and Branch treatment originally proposed for dealing with the liquor problem in its relation to the liquor traffic in order to take advantage of the offer of the Rockefeller Foundation of \$100,000.

The trustees of Washburn college on the whole are well pleased with the result of the campaign in Topeka. They express their appreciation of the work done by the Army of the Blue and the generosity of the hundreds of citizens who contributed to the fund.

Contributions Today. The Washburn college endowment fund was raised to \$151,700 in round numbers today, several contributions having been received.

The McKinley Traction company subscribed \$2,000, which cancelled the pledge of \$1,500 turned in by Albert Patten.

Frederick Courtenay Barber and Miss Erna Faye, his assistant, gave \$1,000, which cancelled previous smaller pledges. The Chicago Lumber company gave \$2,000.

The \$2,000 given by the McKinley Traction company will be credited to the team in Division "D" under Mrs. DeWitt C. Nellis, No. 37. This brings the total for the team up to \$5,449.

SLIM CHANCE

Carranza Expects U. S. to Recognize His Government.

But Mexico Will Have to Become Peaceful First.

Washington, April 29.—Unofficial advice received here which said that General Carranza expected early recognition by the United States government attracted widespread attention in official and diplomatic circles here today.

Kansas authorities have been active recently in seeking recognition that they intended issuing a statement covering the question of recognition which would guide it in considering the question. It has been said that there could be no recognition until Mexico had been internally pacified by complete military domination by one faction or a peaceful agreement among the more important elements.

Reports of an impending battle between General Villa's army and General Obregon's Carranza forces attracted considerable attention here. Villa agents say they have gathered an army of 35,000 men with thousands of rounds of ammunition for an attack.

Unofficial advice received here said that Duval West, President Wilson's personal representative in Mexico, was due to arrive at Vera Cruz today from Mexico City. It was expected that he would sail for the United States on Friday.

Wool of "Mary's Little Lamb."

Boston, Mass., April 29.—By the will of Mrs. Ellen Derby, of Fitchburg, who died in that city on April 17, a Mexican sheep, named "Mary's Little Lamb," which was left to her by Miss Mary E. Tyler, of Somerville, the original "Mary," has been left to the Somerville Historical society.

TEACH WAR TO CHILDREN.

Paris, April 29.—The history of the war is being taught to the children of France as it goes on. By order of the minister of public instruction the schools have observed a patriotic day. Every teacher talked about the war and brought out the patriotic character of the conflict from the French standpoint. They followed a Belgian day devoted to King Albert's heroic attitude, a Serbian day, and a day consecrated to the praises of the celebrated 3-inch field gun.
